

Q7-7-7-7

UTMOST HIGH

This is the living word of light.
And the light shall bring
understanding of the waning last
moments before the last day.

On that day all things and
beings will be called on to reflect
and recollect, and what is
remembered shall constitute an
image and likeness and those
who got for God and did not for
get for themselves, God would
have given them kindness to be
His kind. For they were those
that were kind to God on earth
as He was kind in heaven. So
they reflected well a good
likeness and image manifested.

They are the ones who
witnessed the real and the Real
which is God

witnessed them witnessing Him
be kind and with great joy they
took on His kindness and wore it
like a fine garment of the most
high quality.

For the purpose of God was to
see His own process of birth for
He had always been and always
will be and as a man yearns to
see his reflection in a mirror God
imaged man out of reflective
substance as an animal is imaged
out of non-reflective substance.

So man was created in a
graduated order whereas the
primary order of other things
were elementary to God.

Q1 AFETER

After 3 years and 3 months of writing the writer said, "Oh God! If it is your will Let me finish this work in a single day." For it was the will of the writer that he create a process within a Limited space that would concur with his purpose for which God purposed him to create.

Upon the saying of that prayer he wrote a misspelled word and it was Afeter, which was meant as the first word of the first sentence and not the name of the Q.

So after Afeter he wrote "After" for this is also written in a protected book which is called, "WE SAID ALL THESE THINGS TO SHOW WE LIGHT WE MATTER." it is not a book that has been written for it is the

book that I write in that was given to me by GoD. Whatsoever I write in this book is written exactly how I wrote it. Therefore the writing is

unusual in punctuation gam grammar and sometimes spelling. However there is unparalleled beauty and exquisiteness for those who understand the event. GOD matters!

Witnessing is absolute freedom itself. there is no other way no other point no other truth. This is the process of the witness. This is honestly loving, honest love, understanding, understanding is only understood.

For, this process of witnessing the Real is not about the question of God for he is Real! This is a quest to take you to the experience.

Q 2

ARRANGEMENTS

Remember this! For all shall remember that we sent you a sign. Truly, every time we have sent you a sign you accused it as being a falsehood. You have called Our messengers vile names. Remember this! For we have written this in a single day yet it shall stand forever, had we wished we could have had the writer finish before today, but we chose today.

Remember this! These are the applications of right over wrong for all people, for the unlearned as well as the educated. Perhaps those who profess articulation have applied the applications of right over wrong in a wrong way. Remember this! The writer of right over wrong wrote not

in the midst of silence and comfort but in the arrangements of the day.

For suddenly many things were asked of him as a trial. To write in convenience is recreation but to

write regardless of convenience, interference from forces and with a pressure of a deadline is true creation indeed. Had we chose we could have allowed no distractions, Remember this! God is with him he shall not fail.

Only love for God and the likeness and image of God is the superior way.

Please believe me faithless ones.

Praise The Most Merciful.

Plan for salvation.

GOD is Salvation!

Q3

ASSEMBLY

The day came suddenly when God said, "Today is the day Asana. today you will write the book from beginning to end in a single day." Then I thought "This must be how the last day will come upon us, without warning, and from scratch he will reassemble our bodies to the most intricate detail" 4 hours have passed since the last quest. I went to meet friends of the one I call "James (the Just)."

He invited the messenger into his home without charge or shame. This is the magnificence of God and the dispensation of grace. For when God sets a task it gets done. This is why James "the Just" and his household will be honored from the lips of the messenger for Asana Bodhitharta has said, "Upon them I

put my peace and if the Lord God allows, it shall remain on them until their peace is permanent on the Last Day." He is of those called anointed ones (Christians) indeed he is a Christ for those who understand. For those who discern the spirit of God, have the Holy Spirit of God. This is the truth.

He did not know me for a single day. He was of a different culture, ethnicity and age yet he treated me better than even himself. This was the purpose of God sending me to his household, to uplift, remove an oppressive spirit, bring belief to an unbeliever and place the good news in the hands of James (the Just) the messengers messenger in the line of those that follow the true way.

Q 4

BEYOND

"I have come to shatter your dreams," says Bodhitharta." All of your religions that are of a straight way began with a religious man. A true religious man worships God. His spirit and truth. Even if he did not say God, the essence of god permeated his very being.

A Jesus would not fight with a Mohammed, A Buddha is not going to cause trouble for a Mohammed, and a Lao-tzu is not going to argue with Krishna. They knew the reality of God, they know the reality of God.

You are completely dreaming when you call God or the reality of God some religion. God is God! There in the dream there is this image you make of God, this likeness you make

of God, this division you make. You say God is this or that but truly you form a lie. There is only one God. Hallowed is his name.

All the greatest names belong to God. God is the supreme Absolute Good Dictator.

Shatter your dream and become one with the likeness and image of the Utmost High God. He is every good thing. He is Absolute good. The good that is fixed and Absolute, His goodness is Supreme goodness beyond the good and bad that is subject to change. The goodness of God is forever.

Whosoever embraces the Holy Spirit of God embraces the spirit of the good, heart, soul and mind that

embraces the Holy Spirit of God. Therefore, shatter your dream, God is Real there has never been a sincere prayer that has been answered by another God for there is no other God. God is one.

God is so immense that he is immeasurable magnificence. God is beyond, beyond. He who shatters their dream will suddenly awaken and realize that God evidenced Himself when he took his immeasurable immensity and placed it in a man made visible.

” | God invisible manifested evidence visible from invisible to visible a made man male and female mankind and as the man was concealed in the womb of the earth likewise the

woman was concealed in the womb of the 43 chromosome human being.”

Q5

FRIEND

Abraham was called the friend of God. He was even willing to sacrifice his son but verily we stopped him from harming the lad. There is a sure sign in this for those who are wise. For it is written" I shall spare him like a father spares the son who serves him"

Abraham loved God with all his heart, soul, and mind.

God has proved true in his promise to Abraham that he would make the seeds of his two sons Ishmael and Isaac too numerous to count. Abraham was kind to God and God blessed him forever. There is a sure sign in this for those who understand

Surely we sent down all of your Holy books. Yet, you reject each other when we clearly forbid such rejection for if there were 3 Gods we would have said so, but we have said and all your messengers have said" Serve the one true God" He is Yahweh, He is Jehovah, He is Allah. All great names belong to God.

You have language barriers God has no such barrier, but do not think God could not have made you all of one accord because as Jesus the Christ said," Do not think that I have come to bring peace."

God does every thing according to his purpose and timing for this

messenger has come to gather the cream. This is a straight path and from what I have witnessed there is one that had two, a third was in the middle.

The first and second had the same Father and two different mothers. The third in the middle had one mother and the FAITH of Abraham was the father of the third. When a person can witness backwards and forwards he will see that the love of God is indeed the love of his messengers and the love of each other.

Pay attention and be wise. What can a container hold but limit, a measure of something, a container cannot hold the immeasurable magnitude of freedom, of honesty, of love. These

things these states of being are much too immense to be contained they are eventualities of simple authenticity.

Love the Lord God with all your heart, mind and soul. Truly you must believe there is only one God. Hallowed be all the names of the one true God.

There has never been a sincere prayer that has been answered by any other than the Utmost High God.

Q6 TEST

Sine

If a man is judged by his flesh then know this that the judgment did not come from on high for it is a low and purposeless judgment. For God made diversity of complexions for a purpose just as he made diversity of religions. If any man says pertaining to skin that God prefers one hue to another, he says a wicked and foul thing. There is a sign in this for those who know. For we allow adverse spirits to test those of a crooked path. We allow them to judge things based on what they see physically. These people are ignorant. Spiritually we allow them to judge things based on what they hear physically. These people are ignorant. If anyone should walk in a crooked way they will

bring about their own destruction, they say ignorant things. God prefers only what he dictates God says be righteous. What does righteousness look like? It looks like upright behavior. It will be a most grievous day when we say reflect and they remember the shame they cast upon others for that is what will be reflected upon them. An animal animates and a human deliberates, an animal acts and reacts automatically according to its nature. Man acts deliberately so his own deliberation will speak for or against him. There is hatred nowhere in nature except in a hateful man.

Q7 OPPOSITE

We have certainly told no one to abstain from intercourse being a priest or nun. God does not change. You cannot do anything for God by abstaining from marriage. Are you trying to make a mockery out of God's arrangement?

Suppose God said everyone follow that crooked path, yet we will show you clearly it is wrong. To purposely not engage with the opposite sex would render engaging with the same sex the same effect. For, there is deep purpose in its mystery.

We have certainly told not one to live a life of celibacy or go be a monk. For what benefit can a monk bring to someone outside of a monastery?

Are you ashamed of Mary the mother of Jesus the Christ, for she was a virgin because she had not been married. Yet, She certainly had no intention of being celibate for she was engaged to Joseph and Joseph loved her with all his heart and after the birth of Jesus the Christ they had children this is truly much more remarkable is it not?

Imagine, this beautiful virgin who surely knew a straight way. She was engaged to be married and make love with her husband, and yet she delayed her love making because she loved God with all her heart, soul, and mind. And her faith was so great that when she said, "How can I get pregnant Lord, I have never touched a man before" the Lord said "BE" and it was.

Jesus is the embodiment of the verb of God. He truly was Begotten. Here is a sign for those of the dispute. For with Adam he breathed in his nostrils and Adam became a living soul.

And, as Adam was taken out of the virgin earth, Jesus was taken out of a virgin of earth. And as a woman was taken out of a virgin man, a man was taken out of a virgin woman. And as Adam was the likeness and image of God born out of body to father children, although his Father was God. Jesus is the likeness and image of God born of body to Father children of faith, although he was the Son of God. There is a sign in this and it is clear is it not?

Q7-1 MYSTERY

God is the best of planners for his plans manifest in mystery. Consider this little book in one fell swoop it reveals all mystery, heals wounds proves the existence of God and will heal the nations. God is the best of planners consider the more than 1,180 days that I set my pen to the task and wrote this book and then suddenly without warning God has me write it in a single day. God is the best of planners for he shows his strength when you are weak. Yet your deliverance is in his mighty hand long before you become weak. God is Immense Immeasurable Magnificence in an in and out of body Being.

Q7-2

WARMTH

I thought mystery was the end for I am physically exhausted and my hand is cramping. The pen is just hovering over the paper. You know what I mean? "Speak about the miracles." Say's the heavenly host.

This is true! God is most powerful, He has permitted me, to heal many, He even has allowed me to bring a bee back to life, after it was drowned in a swimming pool. I just waved my hands a few times and placed it in the warmth of the sun, and the bee came to life and flew away.

And, since that day I have not been afraid of bees and they have not hovered too close. I brought the bee back to life because I loved it. Also, I brought it back from the dead for the

glory of God. For James (the Just) had to witness the power of God.

I also raised with God's permission a small dog that was hit by a car. It was dead for a little while, and I was not trying to raise it from the dead. I just felt so much compassion for the family that owned the dog that I touched it and said, "poor doggie, there you go boy." and it jumped up and started barking instantly.

I was amazed! All praises due to God, for surely he permitted me the miracle so that the family could witness the real. There also was the angel fish that God allowed me to bring back to life a few times but eventually I had to let it die, but other fish God permitted me to bring back from death or illness stayed alive.

Then there was the book that God gave me to write in that was similar to the one I am writing in now which is a simple composition book.

God had me write with the pen but when I would stop writing He would have tiny drawings, of me, and other illustrations. Such as, tears or He would imprint the blank page next to it with an image of me doing something I had done earlier that day, such as me reading or me talking to someone. He even made that book play music when put to my ear. He has also let my reflection be shown in a cloud or when I was painting paint dropped on the sink in the likeness of my face. God has allowed me to do so many miracles that I can't remember them all. But, loving God is greater than any miracle anyone could ever perform

because God is constant and God is constantly miraculous. All praises due to God the Father of all those born of His Holy Spirit. I have with the permission of God Most High received a promise of this book being a miracle for whoever reads it 43 times shall unlock.

Q7-3
BEGINNING

Honesty & Love, these are the tools to approach the Utmost High God. There is no salvation without honesty and love. Even if you don't believe in God say in private, "God I don't believe in you please help me believe in you". Isn't that honest, isn't that loving isn't that easy enough? If you draw close to Him surely he will reveal Himself. So this is the straight path to getting on the straight path.

Honesty and Love, Honest love happens. You cannot even love at all without honesty. How can you love without honesty aren't you concealing something, do not conceal what is good. Be bold in affection and God will know if you can be honest, you will know when He reveals Himself. You will be able to see God only in honesty and then

love will happen. You will fall in love with God and he will come take residence in your temple. Honesty & Love, it is what will be unlocked and once unlocked God will give you the Joy & Kindness. Praise God? The Joy & Kindness is the dispensation of grace. Asana (the one made gracious by God) The seat. Bodhitharta (The supreme enlightened over all moving and still)

I did not create these names of mine they were given to me by my Creator 2 years apart. I did not even know what they meant. That's the magnificence of God and I'm still writing for it shall be done in a single day. This is why Honesty and Love are so important. Because, God is Power and he trains you not to lie, not because of good or bad but because lying is inefficient and lacks

power the more one practices
Honesty and Love the more
there likeness and image match
the source from which it was
derived. Honesty & Love
repulsion and attraction
Honesty is something you don't
need but you keep it anyway.
Love is something you receive.

Obsession is wanting, what you
can't receive but you keep
wanting. Understand this, all
dishonesty is an obsession.
Honest love happens!

Unlock honesty & love and
receive the joy & kindness. God
will pour out His Spirit right
through the crown of your head
and you will witness the Real,
and again God will pour out His
Spirit right through the crown of
your head and you will witness
the Real.

And GOD is pouring His Spirit
right through the crown of my head
and I am witnessing the Real. GOD is
REAL!

Q7-4
SALVE

GOD is Salvation. God is God! Reconcile people reconcile! Praise God all you people! For we have said in the Glorious Quran that one day we would raise a witness. We are sending you a witness and we are sending him to all people of all nations and tongues.

When Jesus the Christ cast out a legion of demons he had mercy on them and cast them into the swine. We tell you with certainty he has never eaten pork and he never declared any foods clean, what he said was embedded for the true witness to read and understand with insight and a pure heart. For he said also, "Do not cast your pearls before swine." Now in Judaism and Islam pork is forbidden. Pay attention and

believe in the Last Day. Abraham Ham Mohammed and then Jesus clearly states what goes in a mans mouth does not make him unclean but it is what comes out of his mouth that makes him unclean.

For out of your mouth you judge people and condemn. Now follow me with Honesty & Love and watch! Witness the Real. Jesus curses a fig tree out of season why? So Asana Bodhitharta could figure it out. Jesus never spoke of food, literally he could have made figs appear but that would seem natural, but to figure out why he cursed the fig tree is to understand the nature of ham, who when his father was drunk Ham made Noah feel ashamed for not covering him up as God did when Adam and Eve were ashamed so

Jesus said "If you are ashamed of me in front of my Father I will be ashamed of you. Do you understand Ham is the seed of the word Ashamed and sin is really pronounced sign just like sine wave. Sincerely since sin is a sign. Why? Because you wanted to eat from the tree the tree that you learned 8 from and you erred on a 7 I told you 7 is Hallowed it is whole $1-2-4=7$
 3.68421052631578947
 xsdddddd9xxxddddddd9xxxddd
 dddd\kiso if 1,8 9 then 7,8 9
 and you know only 286 because 789 would express 24 a sum of 6 and that is sum of the truth but you want the whole truth and I told you not to eat but 2-8-6 even though an expression of 7, I told him 1 to 1 for 2 to eat. I said,"eat 1 to 2, even 2 to 4

but not 4 to 8 and 1-8-6 and got 6. 7-8-6 and got 6 again so 8-8-6 and 8 got 6. 48 were gathered and I said not to 4,8 because you sin on a seven 1,2,4 = seven but 7-8-9 is an expression of 6. And that cant be true because if 7-8-9 then it would express nine instead of 6 see $7+8+9 = 24$ an expression of 6 and

2,4,8 is 14 an expression of 5 if you add 1 it will express 6 so what happened to 7? 7 is 4,2,1 the whole truth 7 is 4 thirds as a whole 1.
 $7+7+7+7=28$ expressed as $2+8$ or $2*8$
 1 to 7 is as 8 is to 26 because $2+6$ expresses true 8 and $2*6$ expresses 12 which is $1+2=3$ which is true 2,3,6 but 3,4,7 is the whole truth $3+4+7=14$
 $7=88*5$
 $88*5=440$
 $440/7=62.9$
 $1=1,7,8=16=1+6=7$
 10-7's equal 8 so 70 is 8
 1,7,70,
 $3.4*7=13.6+3.4=17=1+7=8$ or $1*7 = 7$

Q7-5

WEALTH

The Spirit of God is the source of all wealth truly God can sustain a man and give him abundant life. God has given some an abundant treasure and they chose not to share it. Don't they know that God is the Bestower of all gifts. If you hold keys in your hand why don't you invite someone in?

Do you really know God is the Cherisher of all the worlds? Do you really know that the love of God is a storehouse of treasure? God gave you his love before you were created so why are you miserly with your love?

What! Don't you know God didn't give you the Joy & Kindness to keep but instead gave it for you to give to others this is the wealth of God? Let God pour his spirit without measure

until your cup overflows then pour your cup into still more cups. Pour out! I tell you, pour out! Have faith in all. And, to have faith in all is to have grace from one. And, to have grace from one is to give grace to all. And to give grace to all is to truly love one. And to truly love one is to truly love all. And to truly love all is to cure the sickness. And to cure the sickness is to heal the sick.

Surely this is the truth, that the day when you can sit down with the prostitutes, tax collectors and the priest and say "I lack your satisfaction" and pour out an endless vessel of Godliness that can never be satisfied, your immortality will be in effect. To give anything to a servant of God is not for the want of the servant it is for the service of

instructing the devotee on the service of God by way of transferring attachment from the thought of having much to giving much. I will not say, "don't be attached" I will say be completely attached to God. Attachment to God is the supreme understanding of understandings! Once you are attached to God you can attach to anything with Godliness and that is the supreme attachment. Urge! Have to give to have to give, otherwise the attachment is to stagnation and death!

Pour out and God will pour in. All you have is worthless without the priceless virtue of Godliness for without it your possessions will out live you and you will end up with nothing, not even your life. Without God you are a worthless container

with limited life, With God you are an unlimited vessel that pours out endlessly.

Have to give. To have is to have received, give what you have received. I want you to give what you don't want to give so that I can give what you can only obtain by giving.

When it stops hurting to give then I will know you have received what I am giving, this is the purpose to give until you have. God has to give; there is no other way.

God gives everything because he has everything to give. You must learn to fulfill what is lacked, not what you are lacking but what is lacked outside of yourself. When you give what is lacked you will never lack what is given.

For GOD made Adam a 43 chromosome being from heavenly dew and dust. One 43-chromosome being to be 1 divided by 1 indivisible and then multiplied as innumerable oneness. This is the state of multiple singularities. Indivisible Invisible Visible |
And just as he split the first atom he split the first Adam. Except a man remembers God he will forget division and remain divided and ungrateful. The self-righteous try so hard to save themselves | am saying "Give yourself away, if that is too much than give half of it away.

But those who keep all of their spiritual wealth, it will surely rot." God will surely say, "| was generous

with you, what did you do with what | gave you" and woe to the person who says, "| stored it up." For He will surely take it back for misusing his wealth. But if you should take the fruits of the spirit and offer them freely with undeserved grace then you shall increase your holdings beyond measure, for God is Most Generous. So, tell me how could God be Most Generous unless He has to give. If you have not then you can not. But, if you have then you have to give to have to give.

What is stored on earth is earthbound but what is stored in having is in having. Give what you have. Be graceful for the Holy Spirit of God is given without measure to those who give without measuring for if you stop to measure before you

give it, you will only consider what you have and not give what you have there you hide what you lack.

Those who keep what is perishable, if it is not used you will lose it anyway for this is the knowledge: Good is always ripe and bad is being too anxious or holding on too long.

When you receive the Joy & Kindness there is no other way than to pour out the Spirit that poured in to you. That is the purpose of charity, but understand this if you give because you have 2 then you have measured. Yet, if you give to give you will always have won.

There are 2 ways to process your life, 1 is to process your life according to your own sense of self importance or 2 process your life according to the importance of building up, what God has created.

for the purpose of your training he has provided this witness for you to manifest his majesty on earth, by way of you having the likeness and image of that which is beyond good and bad. God is Good Absolute!

Q7-6

CANDLE

This is coming to a conclusion the day is coming to a close, and this book has been written. It is an Honest exposition of the Way. The great and terrible day of the lord is upon you.

Who can bear such a day except those who cover those who have been ashamed with great love? For I tell you truly unless love has poured out and blotted out iniquities you will not be able to stand this day for if you are ashamed because you became naked to give the knowledge of the straight way which Honestly Loving brings about the Joy & Kindness.

God will cover you with his very own flesh and will give you the undeserved kindness that you gave others that were not your kind but you gave it to

them anyway. God is Most Merciful be most merciful. God is Most Generous be most generous. God is Oft-Forgiving be often forgiving. God is Most Loving be most loving.

Reflect upon the ways of the Lord with a pure heart, for a pure heart is trouble free from attacks. Let the blood circulate lest it clot up and dry out. Let the love in you be outside you, so that God can dwell within you. Because, when there is complete rest on the inside the Sabbath will manifest there where God sits on His throne and reflects and sees it is very good "There is no other way but I!" say's the Lord God.

Q7-7 DAY

There was evening and morning a single day and the morning was the latter part of the day and yet at the end of the day the sun sets. Yet we know now that we are revolving around the sun because it is the sun that is in a fixed position and it neither rises nor sets.

Yet, it appears to have done so from our point of view. Just as the moon revolves around the earth, it appears to give light but it is only reflecting the light of the sun.

We now know the moon has no life on it nor life in it although it reflects the sun it is still the light of the moon and we also know that there are suns beyond number in the universe. Yet, in our solar system our life is dependent on that sun which gives us

life. Yet, it cannot truly be the sun that gives us life for there is no light or life on the moon and it is only 186 thousand miles or so from earth. What gives the sun life is farther away and the Father you go the closer you get to what's farther away. This is relative for the atmosphere protects us from the atmosphere. Male and female GOD created He them in the likeness and image Of GOD.

For a reflection imitates its origination of source. A mirror does what is reflected on to that surface, if it does not, that is anything but a true mirror. Now to love God is to love God with all your heart, your soul and your mind. Is not this the way God loves? I will tell you if you love God with the whole being, you will

manage to find Him in any religion for he has made it so that those who do not seek Him with a pure heart cannot find him in any religion. You see, people will say they love God and another will say they love God and then you will start asking things like what do you call Him and if it is a different name a person will say, “oh! That is not God!”

I will tell you this. Truly no one has seen the face of God, and no man can see the face of God and live on this earth afterwards. I don't care what your belief is, you can only see God with your heart, you can only see God with your soul, and you can only see God with your mind. When you can see with all three then you will see with one and become a living

spirit with eternal light and that light is understanding that the only thing that you need to know or understand is that God will never be understood. How can you comprehend an ocean inside a rain drop that produces a rainbow inside of you that contains a promise of never being destroyed by the water that made it again for the whole earth was composed of water and from water comes fire.

God is an all-consuming fire. If you rise up from the depth of the water verily, you will go back down to its depth but if you raise up in the height of the fire you will rise unto the heavens for it is the law, that the heat must rise. So the love of the lord is an all-consuming passion that encompasses about on every side of you, surely it is intense compassion.

This is the only way to be worthy of being called human for to be human is to be truly humane and to be humane is to reflect godliness and recollect the way that is narrow because of its great height and the width is hidden in the depth. So when God sends someone to a people it is because they are losing what he gave them. Someone before that messenger, gave them the truth of God and perhaps they wrote it down.

So when God sends a messenger it is because he is one to warn. He will say, "Truly you have gone astray. So I have come to put you on a straight way." God is immeasurable immense magnificence in a in and out of body being, to be 1 to 2 to 2 to 1 to reflect spirit flesh/ flesh spirit.

God is what matters/ What matters is God! "How is it that you have diversified into a complex lie, lest it be for the purpose of myself?" Say's the Lord of the Sacred Unity.

"Every section is a section and every whole is a whole. How can you save yourself unless you become whole? You have all claimed you know me, but how many know that they can't know me without hating hatred? How many know that they have no salvation, for they have not believed in the "least" of me. In-fact, those who believe in a "least" of me are not of I for they experience a delusion, they are the sinners!" Say's the Righteous Word of God.

“Anyone who tramples on the diversity of any aspect of the design of my creatures, most of all my reflection, is not part of me, is not kind to me, is not my kind and each seed is according to it's own kind. I Am a Spirit My kind has a spiritual seed to bear My kindness like I am kind. Yet you have blasphemed Me supposing I prefer one flesh to another, don't you know God is not unjust?

Had I preferred the whole of humanity be of one ilk do you think I could not have done so?”
“Would I even think of such an evil thing? I allowed it because of what I haven't told you yet, but soon you will know, soon you will understand. Signs are everywhere throughout my creation. Everything is right in front of you

and that is why you have been so blind. Consider when a man emits semen there are more than one million seeds in a single ejaculate. There is a sign in this for those who understand.”

This is indeed a straight way. The Utmost High God has allowed all things that do exist to exist and whatsoever has form the Utmost High God has formed or allowed to be formed whatever that which has or will be formed.

Clearly God made man to manifest God as evident of Himself for God is self evident wherever He is in form or in formation God made man to inform Himself, when He is in a man forming He is forming into meaning and from meaning,

definition then with definition,
description, with description
unto instruction then with
instruction unto building
structure and when fully
informed a built structure unto
being defined as a complete
manifestation built from a word
formed by a letter, it was I.

All the religions fall short of the
glory of God and that is
precisely because the Glory of
God is immeasurable. The
Utmost High God manifested
his likeness and image, and with
one single breath into a 43
chromosome human being,
endless progeny came forth.

For the Almighty say's "clearly I
Am I immeasurable immensity in
a man made visible, from invisible
I the invisible made a man from
the womb of a made man and
from that man was a man with a
womb

made from invisible to visible, male
and female, I Am that I Am!"

Look deep inside trouble and you will
find God. You can not find God in
the safety of your own answers, for
God is the answer.

Now notice a man and understand
that a man has innumerable children
inside himself long before any of
those children are manifested through
birth. God made man to reflect what
God already was, is and will be. God
concealed the woman inside the man.
The truth is she was concealed in his
womb, the most precious part of the
man, his womb and that is why she is
called woman for there is only one man
that is two- one male and one female
yet they are both a kind of man. That
is why they are called mankind.

Q7-7-1

GRACE

He who forgives is he who accepts, he who accepts gives grace, he who gives grace is grateful, he who is grateful forgets division and remembers God. There are indeed two narrow paths. The ways of one of the narrow paths lead to a wide path of destruction. The way of the true narrow path lead to deliverance. God is Immense yet the path to truly finding God is based on a single precept; God is One. This precept is really two because in it contain two elements and these are God and his reflection.

God is one, "remember I and merge division unto indivisibility. Understand this, I am power complete. If there is a calamity or a blessing I have allowed it." Say's the Real true God.

"If only you understood the depth of an ocean you could get a tiny measure of understanding of my love for those who believe in me. I am Real always!" say's the Lord God.

This witness is the living word of the Utmost High God and should be consumed as such. For those who witness the Real the dead shall live and the living shall live again and all who live shall be made alive and be a single one for such is the power of the scriptures herein. It has been given to me to tell you: Witness the Real and the Real will witness you.

I Asana Bodhitharta testify I have witnessed the Utmost High God and the Utmost High God

witnessed me witness his Majesty and showed me miracles and wonders and further still, graced me with power from on high with the inner formation of the Holy Spirit and the outer manifestation of His kindness, joy and grace without end.

Then God impressed upon me to write this: God is Most Gracious and to be an Asana is to surrender the seat of the soul! It is to sit at the feet of God at the footstool of the temple which is the dwelling place of God, For all who love God has said of God, "Come Lord, please take residence up in my abode." And thus they have become gracious ones of God.

For to be called Asana is to be called one made gracious by God and it is a bridge to all religions that no matter what religion a person is that a person of God first and foremost is one made gracious by God.

For it is only true religion to love the Lord God with all your heart, mind and soul therefor Asanas is not a religion but the name of those not ashamed to openly state that God alone has made them gracious for all grace comes from God and all salvation comes from the Supreme Sovereign Lord God.

So let this be a sign of surrender that Asanas use their title for it is a witness unto itself, this is why

God said to Asana Bodhitharta, "You shall call yourself Bodhitharta."

For God gave me the name in which he was to give all who witnessed the reality of his perfect grace and power of his peace. Bodhitharta had thought this name Asana was his very own and would not allow himself to be called any other name and this for those who know him witnessed him cherish what God gave him but this was for the purpose of God to show such importance of a rebirth. People would ask, "what does your name mean." And he would say, "It means one made gracious by God, the gracious one of God." And this meaning he

established yet not for himself but for the glory of God.

Yet, he did not know that God had planned to make the name given to him, one given to them that read the book and witness the real for God knows that a man is more confident in that which he thinks is his own.

But the Lord God did give him a name of his own and that name is Bodhitharta but for the ones made gracious by God they are all to be called Asanas as we commanded. "Bodhitharta you shall be called Asana Bodhitharta." Therefor all who come with Honesty and Love and receive the Joy & Kindness of the Almighty God are all ones made gracious by God. For all

grace comes from God, there be no faith lest it be for the grace of God. For God is the Bestower of the undeserved loving kindness that is beyond all understanding. It does not matter what religion you speak of with your lips.

If you do not love the creator of all the worlds and go to him with honesty and love and surrender the seat of the soul to the Utmost High God then your lips speak falsehood but to acknowledge that the Supreme Lord God Almighty has made you gracious by God who is the Father of all those born of His Holy and Righteous Spirit it is the supreme acknowledgment to call oneself Asana in addition to

any other name it is a witness in and of itself and that witness is witnessed by the Absolute Omniscient Omnipotent Lord Of All The Worlds. Asanas are the ones made gracious by the Utmost High God. This is a real event in which just acknowledging the words you read, you will see what happens and it will be good. This experiencing of the reality of God comes and only then do you know what you believe in. For every holy prophet has made it plain to see what comes from a crooked path. Many say they believe in God and even an atheist is not really an atheist, an atheist knows what godliness looks like, if this were not true they would not say there is no God, for when an atheist makes such a statement

they are really saying I see nor feel anything godly.

An atheist could never deny God in front of a truly godly person without feeling a lie in their heart. So, when an atheist says there is no God, he is saying he feels no God.

Honestly speaking many who say they are atheist are being more honest than those who say they believe in God. Yet, the motivation of the belief is to gain heaven and avoid hell and with that said, let it then be said that, to be an atheist requires dishonesty.

Suppose they truly renounce their former lie, repent to God and confess to those whom follow their doctrine, that they formed a

treacherous lie and knew not the reality of God, but instead adhered to the delusion and whisperings of Satan. Perhaps, God will have mercy on them and accept their apology.

However, what is witnessed is experienced as real. To worship God is to worship him in spirit and truth to worship with honesty and love.

Because, you cannot say that which is unseen does not exist. you can only say what you believe.

Q7-7-4
VIRTUE

God has allowed great liberty to be had by mischief-makers. Why would God allow such atrocity on the planet? He wouldn't! God allows mankind to allow atrocity after atrocity so that those who lose in the end will have no cause to effect change of their position. Understand this: those that appear to be losers will be winners and those who appear to be winners will be losers.

All your decoding and you miss the simplicity and why? Because you don't love enough, you allow others to live in shame by condemnation of their lives but actually that is what is shameful condemning others.

But, what you did not know, was condemnation piles up on the person condemning, not the person

condemned. Mighty virtue is salvation.

This say's the Almighty Ruler of Heights: "I am all that I am this, The Truth. I create lack to fulfill myself. I create my reflection and my reflection creates me but I am Real and my reflection is my Creation yet my Creation can reflect me and create itself and be Real and reflect itself."

Understand? Do not be understood! Under stand all things and you will be defeat itself. When you make your defeat victory then your only suffering will be joyous success. This is the power of the high and low, the truth of heights. "Embrace all of me" Say's the Cherisher of all the worlds. "and you will become a narrow road. When you make your narrowness

wide then your only exclusion will be being lonely." This is the power of the left and right the truth of the widths.

"When you let sorrow bring forth virtue." Say's the Father of Forgiveness. "then your darkest hour will shine like the stars in the heavens and be peaceful like the depth of the black ocean floor." This is the power of the inner and outer, the truth of the depths.

This is the indisputable truth!
The delicate nature of reconciling the soul with the Soul, spirit with the Spirit, heart with the Heart, mind with the Mind and the body with the Body. God is One.

You cannot accept any part of Virtue without accepting all virtue for God is Ultimate Virtue and so those of The Way are of the way of Absolute Virtue.

Truly I tell you this, If you do not accept the least virtue as the greatest virtue you will never see the truth of God, you will never witness the Real.

You must realize you cannot accept Jesus the Christ without accepting Moses, you cannot accept Moses without accepting Mohammed, you cannot accept Mohammed without accepting Buddha you cannot accept Buddha without accepting Lao Tzu you cannot accept Lao Tzu without accepting little children, you

cannot accept little children without accepting kindness, you cannot accept kindness without accepting joy, you cannot accept joy without accepting love and you cannot accept love without accepting honesty. Surely until you make the inner the outer the lower the upper the width the depth and the invisible virtue the visible virtue you will never understand nor see God.

God is Real, people! God is the Exclusive all Inclusive Immense Immeasurable in and out of body Being. This is the truth, if you do not accept Bodhitharta, If you do not believe in Asana Bodhitharta you do not believe in the grace and salvation of God.

How can you believe in the Christ, the prophets, the saints, the enlightened or any virtuous existence without believing in all virtuous existence?

There is not more than one God for I assure you any sincere and honest prayer that has ever been offered up has only been heard by the grace of one God.

There is no other way. Consider this fact: There was evening and morning a single day. Where is the separation? A single day is evening and morning and it is good!

There is darkness and there is light and it is good! There is rest and there is movement and it is good!

Asanas, my Asanas, my sweet
Asanas are not ashamed of
themselves or anyone else no
matter what they have done. For,
the witness Asana Bodhitharta
says, "Blessed be the spirit of
grace for we have all helped each
other be ashamed of each other
and now we must help each other
be not ashamed." If we are
ashamed we are ashamed of
Christ and if you are ashamed of
Christ he will be ashamed of you,
and if you are ashamed of the
least things of a man then you are
ashamed of All the things God
has done for you. That is why the
devil is a liar my beloved, exercise
your right to be Godly to the
fullest. If you See King in
seeking you will find, and if you
are asking As King in my name it
will be given to you!

Because you were not ashamed to
find the truth That Ham is not bad to
eat but the real truth is as Jesus told
his disciples "I'm not talking about
food in a parable." All eyes will see
him coming, not in a cloud of doubt
but in a cloud of glory Christ Jesus

Q7-7-5
KIND

Apple palm fig olive date 5 trees
For, there are those that want to
have you pent-up to a tree
because they are "better than
that", that which you are.

Likewise those who are one
divided by another in expression
are not of GOD. God is the
Cherisher and Sustainer of all
the worlds. And you were told,
that the lord God is 1 and you
were told to love that 1 with all
your heart, mind and soul and to
love one another and the 2 shall
become 1 on earth as it is in
heaven. For God said be fruitful
and multiply and man should rule
what was created for him to
dominate and that does not
include mankind.

GOD is One there is no other
reality.

Therefore exalt yourself not. Instead,
be seasoned with humility and lower
yourself down to earth to be
understood as Real for no one can be
holier than GOD and he found the
dirt to be a suitable substance to
make what is good. You can't make
better what is Good Absolute for
absolute good is the better good.

For every door has something
concealed behind it lest it not be a
door. What comes to light is what is
manifested in the dark. Adultery
is committed in the darkness of a
concealed heart before it is
committed in the manifested act,
however, pure love is both in the
depth of the heart and plain for all to
see.

There is love and there is hate
and there is pure love which is
beyond both. Pure grace is the
grace of God which is not the
grace of men
but could be the grace of men if
they but understood the truth of
matter.

Truly you have to hate others to
think superior about yourself but
they miss the point entirely, for
whoever wants to go to heaven
for the sake of paradise and not
the sake of unified love in God is
sorely mistaken indeed. So
naturally excuses cause
contention.

I am saying that these excuses
have excelled the height of the
tower of Babel. Why pile up
excuses for division? For it was
an evil pursuit that they all
became one to make a

name for themselves. Therefor we
struck their ungodly tower and
confounded their language.

And this is the truth, that those who
make a name for their own benefit and
build up their self-importance to tower
over those they consider less than
themselves, shall truly be confounded
until the last day.

Whatever is done matters! Let us
repeat that phrase. Whatever is
done matters! So what is concealed
is done and it matters, and what is
revealed has been done and it
mattered.

Consider a magician and how he
conceals his moves and distracts
your senses to create an illusion. It is
plain to see that his concealment

is honest and what he reveals is his deception. In other words he is honest to himself and dishonest to you, yet really, he is being completely honest with you since he says: "let me show you a trick."

Now consider the nature of true understanding and instantly you see it clearly, it is just a trick neither good or bad. So what is bad then? What is bad is what is undone, what is overdone and what is spoiled, what is rotten. For, God's decision is embedded in his goodness, which is to fulfill what is lacking forever.

Bad is what is unripe. Good is what is ripe, what is done, understand? hate will never rest, it will always remain undone,

nothing is ever ripe for those of the lie all their fruit is rotten.

Love is always done it is always ripe always in season it can never be undone or overdone. Obsession is not love overdone. It is not even love; it is the anger of what is lacked. Praise God that I have been found lacking for to feel the dispensation of grace is ultimate blessing and to be fulfilled in abundant measure with the grace of the Absolute Supreme Lord is bliss. To know God is loving you is to know the true meaning of Father. For if you had not lacked in anyway you surely would not have cried out and to cry out is a sure sign to a father that his child is alive after his birth for if the child does not cry it's mother will be concerned

but if it cries the mother will say bring the child to me and she will tell the father to hold the baby and the father will with the mother soothe the child. So, let there be lack so that there can be grace to fill what is lacked.

God let there be light so we could see that which was lacking as he made it lacking for the purpose of us to fulfill it. For God creates a condition of perfection which requires it to lack because for something to become perfect it must lack something to be perfected otherwise how would perfect be perfect unless it was perfectly done. God did not need to create light for he lacks nothing.

Dishonesty and obsession is the perpetual destruction of the self until there is nothing left but despair and delusion for you hide what you lack but when you witness the Real you will see that, that which was concealed is right in front of you. This is the magnificence of GOD and why there is nothing higher than Absolute Good. Better or best is not perfect, only absolute good is perfect. God is absolute good outside of his creation and absolute good inside his creation, yet his creation is subject to good and bad of a non absolute nature.

If you hide what you lack, how then can it be fulfilled. God is sufficient for me. God is good | lack not.

Q7-7-6

CAPACITIES

3 places of worship I entered and all 3 were building grand buildings. I do not need to enter 3 more to know that the building of buildings is not the up-building of the hungry, the poor, the homeless and the sick, all of which godly sounding words do not preserve life for. God is life and life is sustenance and all this I behold as power. This is the power of the godly: to benefit life.

For God is Absolute incorruptible power. The real witness magnifies through deed. See everyone: The GOD of Israel is Real! The GOD of Mohammed is Real! The GOD of Jacob of Isaac of Hagar of Sarah of Marium of Yeshua of Joseph of prince Buddha of Elijah of those of right action in the east of those of right

action in the west of those these things in total being one thing the GOD of Righteousness. This is in a protected book "We Said All these Things to Show We Light We Matter."

We animated animals for the enjoyment and education of men for the animals were created before mankind with forethought to the learning of a man. Whereas, mankind was manifested deliberately by God from heavenly dew and dust in a graduated order proofed at extremely high temperate nature and split magnetically. And whereas animals are sexually activated and deactivated according to the balances of offspring we set in their nature as animals do not have a sexual nature they have a programmed breeding nature that causes them to mate in

preprogrammed cycles. Also we created animals in sets unlike Adam was made to be split from one being into two. Animals also are created creatures as to where an Adamic being is made from two portions of creation one that is created and one that was non created. Adam was manifested as a sign. Male & Female Adam out of 1 came 2 out of 2 came 4__ 1 2 4 = 7.

In the beginning before the dilution mankind increased in a manner resembling cells and were to spread across the globe to subdue the earth, however being independent they did not. Instead they congregated and started reverse inbreeding and inefficient asexual inversions and with

each dilution per version resembling cancer cells and the genetic dilution we addressed with a deluge and terminated all except 8. They increased according to righteousness which is right spin multiplication so in that way we took what was left and made it right and they the family of Noah increased after the deluge in a manner resembling healthy cells and were to spread across the globe and subdue the earth. However, being independent they did not. Instead they congregated and began in building an ineffective astructural in verticle and within each dilution per verticle cell resembling 4-2-1 which is not 1-2-4. The weak structure of those erecting stumbling blocks. They are always making a name for themselves and those names turn into excuses to claim self-importance. Yet

we said subdue the earth. This is not a vertical matter for to spread is to first spread out then up from a surface so we confounded their language to cause them to spread out and so they did segregate into groups that became diverse in hue and verbiage and reiteration. Blessed be they that strike down their own self-importance and prostrate themselves low before all that is good, The greatest names belong to God so if any man say's he is of God, he'd better do that which is honest regarding God. For many false teachers of religion have said, God didn't accept this group or that group for reasons based upon the flesh, ethnicity or other surface reasons. With great arrogance they assert a most grievous lie in asserting God

cursed a people by changing the color of their skin one way or the other. For if any skin was discolored it was a disease and the disease discolored the skin depending on the disease and the method of the cure of the disease returned the skin back to it's color of origination.

Furthermore God does not curse but warns of a curse that is certain if those who are ungodly remain ungodly. So they that remain ungodly curse themselves, for when has God said to anyone "If you do good and what's right, you will be cursed? What! Does God hate righteousness? Far be it from the truth for He is righteous without end.

God has always chose those who walk a straight way. So, do not inflate your worth, thinking foolish thoughts as if God deems any but the truly righteous as his own people.

Blessed be those who apply with sincerity the applications of power. For God is power, power, and Absolute Power is his name. The Magnificent One is his name.

For One as a number is both the highest and the lowest, the largest and the smallest there is either 1 whole or 1 part of 1 whole and any numerical expression is a part of the one being expressed. 1 will not be divided so those who express themselves outside of one expression are expressing delusion.

When God sends a messenger to warn a people it is because of their lack of righteousness. Therefore beware of those who in the infancy of their religion include some and exclude others.

They worship with their lips all day long and then in secret they say "truly, we are the only ones who are worthy of heaven." This is surely untrue, for God has perpetually remained constant in righteousness.

So if you were in league with such false godliness it would be best that you repent from those of the lie. But verily, God is the best to decide the fate of those who do evil and still further, God is beyond returning evil for evil so the guilty themselves are responsible for there torment.

Q7-7-7
EVENT

Praise God the Beneficent
Grantor of Peace and Blessings
“These things were given to a
profitable witness. There was no
vision that compelled him nor any
sufferings that made him reach
out to Me for he pondered from
the womb who I Was, so We All
gave it to him and therein is
nothing like it you will find
anywhere .”

“Seeking wrote it Asking wrote it
I the Father of all wrote it. I the
father of all writers who write what
is right and further still what is
right until there is nothing left to
right.”

After Mohammed the seal was
set for Real prophets. This is the
case for the priesthood; the seal
of the priesthood was set after
Yeshua

(Jesus). These things in total were
given to me to give to you to witness.
There are those who graduate their
acceptance of others based upon
their desire to gain more wealth. They
say God has decided to except what
he formerly denied. Surely, God
does not vary in his holiness. When
there is iniquity it is allowed for the
purpose of impeccable judgment. But
verily, God is the best to decide the
fate of those who do evil for the guilty
themselves are responsible for there
torment.

Suppose they truly renounce their
former lie, repent to God and confess
to those whom follow their doctrine,
that they formed a treacherous lie and
knew not the reality of God, but
instead adhered

to the delusion and whisperings of Satan. Perhaps, God will have mercy on them and accept their apology.

But suppose they do not repent or they repent and do not repent sincerely. Then know this, the confidently exclusive, "by all means be confident. You will be exposed and excluded. According to your own mouth you will be judged." Yet, the torment of those who refuse to rest in immortal Goodness shall obtain imperfect torment it shall never cease to be just right.

So what is righteousness? Is it not honesty and love? The self-righteous

are not honest people at all. The self-righteous want to go to heaven, they want eternal life, they want to avoid hell. Is this honest love of God? If they loved God they would not condemn his creation in any respect. So whereas a man has a "true" right to be wrong, he has a greater right to right over wrong, for when a man wields his own truth by his own free will as something right he will be wrong. But verily, God is the best to decide the fate of those who do evil and still further, God is beyond returning evil for evil so the guilty themselves are responsible for their torment. For the will of God is what righteousness is and that is called the Real right to be righteous in applications of power. Pay attention everyone: do you think God is powerless? You really must think

that impotent thought, or else you would not suppose that God has problems with what he has created! Oh foolish man God could have both created you perfect and kept you perfect if that was what he chose to do but how could God make you like himself and then choose for you! Who can choose for God?

God is God. God is beyond choices yet is forever right. Why? Because God is happening always with honesty and love and eternity happens because God happens to be eternal a mortal receives immortality when he receives the grace of God which is given in the form of the joy and kindness of God. It is Absolute joy to be kind to God and to be kind to God is to happen to love to live

with joy and kindness without judgment. It will always be said that a man who wore Godliness like a garment and a man who embraced the will of God in complete submission in this life shall be saved in the reflection of God. For all of these men the requirements of pleasing God have not changed, for He is the Everlasting Constant. He draws close to those who draw close to him.

Assertions of I unseen and unheard yet seen and heard but not grasped, yet grasped but not communicated yet communicated perfectly to be asserted again.

Salvation is understanding what it is you lack, shedding light on what you lack and then fulfilling what

you lack until you lack nothing.
God is Salvation!

What is evil? Evil is the lie of the
other whom hides what is lacked.

Consider a fruitless fruit tree it
has no fruit come out of it
because it has no fruit within it.

Consider a person without joy in
his heart, he displays no joy
because he has no joy.

How can you give what you don't
have? Listen my beloved do not
hide what is lacked, that is evil.

Shed light on what is not lacked
and the Grace of God will fill
what is lacked. Even starting
from

the point of disbelief in God, God
will still fill what is lacked if one is
honest. A witness of a real event will
testify on his own accord without any
coaching, because he will know better
than anyone else what he did or did
not witness.

All real scripture of God testify to
earlier revelation and they all agree,
to those who understand the truth.

Are you the amazed that faith in
God has always been the saving
grace of any person since the
beginning and until the end?
God has always proved faithful,
divorcing none of us. God has always
said "Believe in me, trust me, have
faith in me and I will save you!"

You say this is perfect and that is imperfect, And you are always both right and wrong therein lies your continuous suffering. You suffer because you are satisfied, because you are full, because you are finish and so you wish to finish everything else. Yet, when time is perfected as in being completed then mortal life will end. For those who have understanding, there are two imperfections, one will win over the other.

A body is both renewing and decaying and they are doing both perfectly. Yet, perfection of the dying body causes death and the perfection of the living body causes life. And the perfection of the living is simply not to die! All satisfaction is a form of death so constantly be lacking in the

terms of being perfect, this is the way of God. You have to create lack to fulfill lack. You must give to continue being given this is the only point to receiving.

Eternity is being done forever, happening forever, letting what happens be forever. Evil never happens without effort. It ends at its fulfillment and as such when all evil has been fulfilled it will have achieved perfection and that will be its complete ending.

Q7-7-7-1

SUGGEST

PRAISE GOD the KING
and LORD of the WORLDS!

Some say they have had a vision they may have, but vision is similitude, it is surely not real for no one has went to and from the heavens and earth except those spirits who stay in their right place and those left to their own devices. But, understand this, the distance from the earth to the heavens in which we speak are 17 trillion light emanations away, to come here even in a light body requires a considerable portion of time. so in no way does one talk to a dead person after they are put to rest until the last day, which I tell you rest assured it will be any second now for we have already set the path so in no way does one talk to the dead for they would have had nothing to say

for dead men don't talk. But, a mans appointed Satan knows that man and his memories and that is how one is deceived by Satans making mischief so in that way those who say they speak to the dead only know that which the dead knew before they died and nothing further. Consider the sign of Harry Houdini who said: "[f] I can communicate to you from the other side I will"

Now this man wanted to prove the other side and year after year no one heard anything from this dead master escape artist. yet you believe your old sick relative who couldn't even escape their own sickness is talking to you now, when they barely spoke to you while they were alive. That is why those who say they spoke to the dead only know what

they knew and nothing else so who did the speaker speak to? I assure you he spoke to something else.

A message in fragments like someone trying to remember like someone trying to collect their thoughts as in the way that a friend can be close to you and know a lot about you, except Satan is not your friend he is your avowed enemy. That devil believes in keeping his enemy closer than a friend keeps a friend. Certainly, if one can have an enemy closer than a friend he has no friend, am I right? I Am

Snakes do not talk but a pent servant is still living in the dead.

Many have profited falsely in the names of GOD saying that he sent this one and another one and that

Jesus spent weekends and personal time with them. His own disciples were right in front of him and they did not see him clearly for three years and when he was taken up to

GOD by GOD, he stayed in his place until an appointed time. Yeshua at no time visited anyone and said I am Jesus I came to help you, for Yeshua himself said even if a man came back from the dead they would still not believe. He was raised up to straighten the crooked. But, the crooked rejected him trying with the seed of doubt but don't you know that when you bury doubt you produce faith.

Many have formed a multitude of lies. While, it is true that Gabriel

spoke to the holy prophet
Mohammed, the blessed virgin
mother of Yeshua and other
communications mentioned in the
Holy Books. There has been
given neither authority nor
dictation

To write about us except this
book herein since the Glorious
Qu'ran

None of these false profits go
unnoticed and those who form a
lie against us surely should enjoy
their ill gotten gain for every word
they have written will be a witness
against them. Yet, the torment of
those who refuse to rest in
immortal Goodness shall obtain
imperfect torment it shall never
cease to be just right.

But verily, God is the best to
decide the fate of those who do
evil and still further, God is
beyond returning evil

for evil so the guilty themselves are
responsible for there torment.

Take note: not that a good thing was
not written. For many good things
have been brought forth from the
goodness in men of all the ages. But
surely this which is given to you now is
from the greatness of GOD the
Dictator. For, he says write and
authorizes the hand to move and
holds it back if it goes astray for he
possesses the hand and heart of his
writer like that of someone grasping a
pen. So in this way the right will be
right and what's left they will be
crumpled and tossed out with the
refuse.

ANNOUNCEMENT

One 43-chromosome human being populated the entire earth. All were fathered through that single 43 chromosome being except the one He withheld the Word for, his only born of body son, Jesus the Christ for he formed the first man (Adam) from a virgin earth and breathed the breath of life and Adam became a living soul. Likewise God formed Jesus his only born of body son from a virgin of the earth (Mary) and conceived him with a command it was "Be!" for that was the word in which all things except mankind were created through for when God made man he did not say "Be!" For man must come to be what Jesus was born to be. This is the meaning of be-gotten concerning Jesus the Christ. Out of the darkness came light and then a virgin earth then out of a virgin earth

came a man virgin that was in darkness. So, God formed from him a light who was a woman, and from that light there was darkness for a great period. And from out of that darkness God took a virgin on earth and out of the darkness of the womb a light was brought into the world and that light (the straight way) was rejected and darkness was over the face of the earth and so God took a man in darkness and from that darkness a virgin (religion) of the earth formed light with the previous light that was rejected for it now had become the cornerstone. God is the Father of us all and his son is also the son of Adam for Mary came from Adam did she not? But as a man brought forth the first woman (Eve) born of body by God then also the first man (Jesus) born of

body by God was brought forth through a Woman (Mary). Now if Jesus was born through Mary yet never sinned how is it that one is born with sin? God causes all his purposes to be, he corrects his children through example and Jesus accomplished the will of God. Jesus is the likeness and image of God, that is what is meant by "I am the way, the truth and the life." He is the way that all men are supposed to be the truth that a man could be this way and the life for those who follow the straight way. To lay down your life for your friends is truly great. But, to not withhold the life of your only son is greatest of all, this is why God called Abraham his friend for Abraham did not withhold his son Isaac for he had faith in God and God provided a substitute sacrifice. For, God loved Abraham and would never allow his only son (through Sarah) to be sacrificed. Abraham bowed his will in

submission to God and became his friend. It is written in the scriptures "For God so loved the world that he gave his only begotten son that whosoever shall believe in him shall not perish but have everlasting life." Now what does that mean? This then is the sign of Jonah for Jonah would have not been swallowed by a fish had he followed a straight path but God had mercy on Jonah and did not let him perish. It is written in the book of Malachi "I will spare them as a man who spares his own son who serves him." There are many signs in this announcement for those who understand. God protects his path so that mischief-makers will be exposed! How? Consider the sons of Noah and how many mischief-makers make conjecture about their ethnicity and culture trying to place the so called sin of ham on a particular "race" There is only one race! What! Don't you know that the people after the flood were all one people, and all spoke the same language, and by all accounts they were common to each

other. And because they set their hearts with pride on a foolish pursuit, God confounded their language and spread them all over the globe. In which case, all the family lines were of equal guilt. And as far as diversity of complexions, features and stature, that is a matter of genetic diversity through geography, climate and other various circumstance.

GOD is Understanding to those who are understanding and those who never have understanding never will understand those who understand understanding itself. Herein lies your freedom that the only thing to know or understand is that GOD will never be Understood. Understand? No? Do you understand that you can't understand nor do you need to understand but you must be understanding for GOD to be Understanding. For GOD to

be understanding is good and right. everyone that is understanding to everyone in this way is like GOD and his image reflects it as so. Everyone who has not understanding is overstepping their boundary with GOD because if GOD can understand then who are you not to understand GOD.

Now, I know all of this is impossible for some to understand but that's because they don't want to understand that GOD is Impossible Understanding.

So Adam naturally managed the plan that GOD had planned Adam to manage, which was for Adam to manage the planet. And, it was a good plan so good that the plan was planned by the planner to manage to manifest from a manager, managers that become planners so in that way planners could manifest plans for planets of their own planning.

So we took the male man first
because the female man would
have the whole world inside of her.

So, in that way, it can be said
that GOD gave the male kind of
man a (female) man and that
(female) man came from the womb
of the male man.

There was the male man and the
female man with a womb, then as
GOD gave the man the world
the man did likewise giving the
woman the womb for which the
world of mankind came forth.

The Hallowed named Utmost
High God manifested an in and
out of body manifestation as is
still done now!

For, the mystery of sex is hidden and
open in the sacred unity of 1. And,
the LORD GOD is ONE, be
likewise both open as a male is outer
and hidden as a female is inner, This
is the straight path and GOD is
TRUE and is GOD of everything
both heaven and earth and all
between

There is only One God and he is
your God and my God.

GOD is Impossible! Praise GOD.

EMBER

Never listen to an angry man about bliss, about joy, about the future. The angry man does not have a future he does not even have a present, this type of person can only show you the path to suicide.

You see it all the time. Every angry man starts creating enemies. he wont like this group or that group and he'll have his reasons and solutions to the problem, this person will make ugly things sound beautiful, make hate sound like passion, make destruction sound like freedom. He will even contradict the potency of God by saying there is such thing as races of men when it is clear that man is but a single race called human and they are all derived from a single Man from a single Father who is God. Had God desired for a non-diverse

population surely no diversity would exist. But diversity in men is but a test. Only those in the image and likeness of God can even understand these words. A man of the false image guesses by what he can see with his eyes.

You have seen it so many times, not just in history but in your own homes even in your own selves and it has produced nothing but suicide and suicide happens long before you end the life, it happens from the moment the anger kisses you goodnight.

When someone is so angry they are ashamed of themselves deeply ashamed, otherwise how can anyone outside you, make you feel so angry unless they are in fact hitting or confining you in some way? If

someone is being violent to you then yes anger is a natural expression but to be angry and want to be violent against someone or some animal or for that matter something from the point of first cause is derived completely from shame.

Never listen to an angry man at all if you want peace, if you want joy, if you want bliss. Even if that man has been attacked and is expressing anger as the result, then let him express it but do not follow it, do not make it your own, hate is suicide. Why would you seek comfort from the uncomfortable?

Every promise from an angry man rest on shifting sand he will be angry with everyone. He will eventually turn on everyone until he finally turns on himself. Watch out for this

type of man because he will be telling you about revolution about making things better with revolution and he is right except his anger is deluding him of the truth of revolution. Any external revolution with violence and bloodshed is a failure and is a self defeating revolution, lest there would have been peace long ago, but an internal revolution needs to be fought inside the individual. A war to end all wars needs to be fought inside the individual. A complete elimination of all others inside the individual and when that eternal silence is reached one will see the Sabbath on the inner and the outer because as external pain and punishment causes the same internally, internal peace and freedom causes the same externally. So remember do not follow a crooked path revolve within and then that revolution inside you when won will cause the outer to evolve. This is the way.

REAL

GOD is the Magnificent Author. He is indeed most Glorious. Consider this process, there is nothing like it! So once again we set words in a way that is magnificent indeed. For in this day, is a crude time so crude writings, so likewise in a sophisticated time in this day comes par excellence itself, there is nothing like it on the whole earth.

Peter was sitting and thinking about going to the market for some wine with the last of his money, but he knew that if he spent it he would not have any wine tomorrow. But he knew the situation was hopeless, he wanted wine today so he had faith and went to buy the wine. On the way back peter met a stranger who asked him for some money. Peter said "I don't have any money, I spent all I had on this wine." So the stranger said "can I walk with you" for peter had been talking to him about the Lord

God and the man began begging people for money and each time the man received money he bought wine for him and peter to share. This went on until the sun was risen and peter finally asked, "Why do you beg?" and the beggar explained he said, "There are four beggars, one of the earth, one of the airs, one of the water and one of the fires. The one of the fire begs to burn off excess he knows you have too much so he assists salvation through decreasing your greed. The beggar of the air begs to spread out your resources and assist in salvation he knows you keep too much in one place so he seeks to spread them out. The beggar of the water begs to quench your envy he knows you compare everything so he looks like someone that you don't want to give to. This is how he assists in salvation. The beggar of the earth proves the faith or lack thereof he begs those with very little so that he can assist in salvation through increasing the faith. He knows you have little yet he knows that with faith you are wealthy so he

tries to make you see that wealth. So, the truth of these four beggars is that there is only one beggar that assists in salvation through assisting you. Give to those who ask and don't make them beg, otherwise you are injuring yourself and your salvation." Peter then understood instantly Judgment is exact in the universes of the Lord. Unless you repent and achieve escape velocity you will be confined in

hell through your own shame. A flame will burn what it can burn, warm what it can warm, freeze what it can't cool, and cool what it can cool. There is no need at all to understand it, any attempt at all to understand it is to not understand it.

Grace is priceless, be gracious then, and with faith have grace lest your faith be in vain. But what kind of faith is in vain? No faith at all! No faith? No grace. How can you have faith without grace, the seed without the ground. It is impossible except with GOD who gave grace before there was a ground but he loved us before he made us in this way let it be said that GOD is truly the only self made man. And again GOD was the first self made man. For what kind of faith is vain?

Faith was a seed grace is the ground blessed from on high with living water that waters it and because of it grace embodies faith. Without the seed the ground is worthless! With the seed the ground is priceless! So let it be said: that whosoever shall not believe in the witnesses of GOD shall perish for they do not believe in whom if you believe in you will not perish.

"I Am Alive with the Real formation of the absolute immense immeasurable in and out of body being which is God Absolute the Utmost High and One True God. God is Real!" Says the witnesses of God. God has truly made us gracious (Asanas)

Say: All Praises due to GOD to those who praise GOD Praise GOD! This is invincible devotion, the heart that pulses of itself and into the other as one, freeing the other, freeing itself. What is this freedom? Is it not lack of effort to live genuinely, to live unhindered without the shackles of anxiety. Freedom is not the method of obtaining attainment of what one lacks for you cannot pursue it, in fact it is concealed in pursuit itself.

A person does not pursue what is. So, it is not a matter of direction. All directions eventually lead to some destined place, so direction is not so much the point. Attention to velocity, clarity of movement. This is the path of the Witness.

So the radiant heart pulses,
radiates and penetrates with
invincible devotion. How can this
be possibly understood?

Now clearly I will tell you by the
Holy Spirit of GOD that what
you thought was the middle third
was the first without faith as the
second fulfilled the promise of the
first without faith.

Ishmael's mother while desperate
in the desert was told have faith
GOD will himself be a
FATHER to the orphan as
He the FATHER is the
FATHER of all creation and
beyond. GOD is POWER

So, GOD said "LET there
BE LIGHT concealed in a
dark place and placed in a dark
place that came from a dark place
for from the

beginning it was a dark place that
ended in the beginning LIGHT."

And the light of GOD came forth
from a doubted dark place that came
to a doubted dark place and was
placed in a doubted dark place
therein and herein there is no doubt.

Flesh dies as all seeds must to break
through the cold darkness and to
reach the Eternal Light that is light
upon light upon light upon light ...
where light manifest itself and there is
no darkness there in.

Do not suppose that God needed the light and do not suppose that God has ever needed darkness for God is invisible yet visible, concealed yet in plain sight.

These protected words have been given to me from a place closer than that of my jugular vein so do not take these words in vain for these are the words of God Most High, GOD is Real!

“Understand my beloved that me myself and I have Insight always. I am beyond, Beyond and Below, below I am Depth itself.

Understand the truth that any thought of the other is shallow at best.” Say’s the Sovereign Lord of the Universes.

Witness the Real is the scripture of scriptures, It is the reality of the holiness of the Utmost High God, which all men should reflect.

This is the process of the witness, who without exertion happens to notice an event and from that acknowledgment he has become part of that event.

God is beyond good and bad. You must always seek perfection, as your heavenly Father is perfect.

Urge! Perfection lies within the seeking of perfection it is always imperfect and it must be that way or otherwise perfection would be the ending. Look at your wars they all are based on your ideas of perfection and imperfection.

Yet the Lord God, He is perfect forever in Absolute Good. Absolute good and absolute perfection is to have effortless faith without eyes or ears yet seeing and hearing through the breath of the spirit itself. Eternity is an urge that can never be hindered. It is life itself.

This was the quest. This is the quest. This will be the quest until the Last Day to witness the real and manifest witnesses that become gracious ones and although you have simply read what was written. What has been read has been written. For your quest is the quest of the witness and therein lies indisputable Honesty & Love. This is the gospel of the witness: Love God With All Your Being and you will witness heaven within and all around you.

Cure error

First and foremost God is immense immeasurable power. His power is generated through His Honesty & Love and His Power is given through the dispensation of grace, which is the Joy & Kindness. To have acceptance with God is to reflect Godliness. God is beyond good or bad so to cure the error I must be independent of God. I must be independent in God. I must be independent through God. Those that are nearest to are those that worship God's attributes and that is, the highest purpose is in praising the names of God. Worship Mercy, worship Truth, worship Love, worship Fidelity, worship Gratefulness, and worship all the Mighty Virtues of God.

He is all and beyond all great names for he is the Utmost High God and no one created Him as to give Him a name. So we call Him what He has revealed to us He is. Yet, He has not revealed to us, He is more than one God. Yet, each of His names has the power of an independent God in and of itself and again there is no God but one Real God. Yet, his magnitude provides his attributes in the form of names to carry His power. So He is God and all His attributes are Gods and his names are Gods yet all the pieces of His reality are God's they belong to Him but He is God bar none, son of no one. He stands All One/Alone and no one can save you but Him. He has allowed some nearest to Him to intercede on the behalf of others yet He is Sovereign in His decisions

and no one can save what God only can save Himself. But, peace and blessings be upon those who God allows to intercede. For by believing in God's servant and obeying the words thereof is believing in the One who sent him. For the servant of God is the servant of man.

The dissemination of wealth is hereby set in this Holy Book to be 1/7 to the work of annihilating poverty and the dissemination of the right knowledge of God. The Holy books have varied according to the times and people regarding this tithe or poor rate others have been 1/10 and 1/40 and those still stand for those that have indeed followed a

straight way but blessed be those who obey the word of God and His messenger for on the last day they shall be rightly rewarded as well as in this life they will surely see blessings. But, verily this life is only a drop in an endless ocean of timelessness; therefor those who do what is right and reflect Godliness shall do so without end.

The evolution of Honesty if allowed to evolve within is the direct power of words matching thoughts and both matching actions this is the true elimination of hypocrisy for you can only be a hypocrite in a deceitful self-reflection. But, verily you were not manifested to reflect your self-importance. For man was manifested

on earth to reflect God in heaven. This is the application to cure self importance: Truth in words, actions, and thought producing deeds, in what you say, in what you do and what you do that lead other people to do what you think they should do. Truths in all these are the outcome of proper evolutionary Honesty.

QR

Cure error 3

The revolution of compassionate love if allowed to revolve is the direct power of Honest emotions encompassing you and harnessing electromagnetic revolutions. This is the application to cure self-indulgence: Fight within oneself without mercy to evolve into an outward manifestation of

compassionate love. Fight without compassion internally to liberate your compassionate love externally. When you encompass your self-indulgence and annihilate it with compassionate love that is the outcome of proper revolution.

Cure error 4

If they say they built a house or they did anything themselves they are in grave error for God allows all things to be. God is the underlying overall cause of all things. This error is called self-help this is the application to cure self-help see the Truth that all materials used for any assistance including your own body are manifested by God. To help your

self truly is to acknowledge God and assist others. To be successful is not to be concerned with the self of oneself but to be concerned about the reflections of yourself outside yourself this is called acknowledging reflections of I. For GET everything and remember God and again If you remember God exclusively you will get everything you really want inclusively. You will indeed For GET yourself.

Cure error 5

God has allowed adverse spirits or "Satans" to lead all who would be led by such spirits to be led astray by such spirits and these spirits will help you get things or do things and it will

be permitted. Aren't you independent? This error is called the "if" fallacy while it is true God is the underlying overall cause of everything. It is also true God has allowed you to be independent to cause problems or solutions. The application to cure the "if" fallacy is to not accept what you know to be an obsession or dishonest desire based upon the idea that if God wanted or didn't want you to have, be, or do something it would or would not be. For what God wants is Clear and without secrecy.

QR

Cure error 6

Do not be led astray by what others possess. If you possess too much aren't your possession's possessing you? You must not just see, you must have Insight to cure this error which is called the "ownership fallacy". Doesn't God own everything? However you are allowed to own things as a steward. So in effect you own things but you are also responsible for the usage of those things.

This is the application to cure the "ownership fallacy". First see the truth that whatever you have God For GAVE you therefor God has For GIVEN you, Second, God has allowed you to be independent to solve problems with what you have internally and externally or create problems with what you have internally and externally. So whatever you "own" you will have to own up to. But, whatever you own as a steward of God, God will own up to. For then you are truly forgiven by God

QR

Cure error 7

We did not ask for the world. God For GAVE the world to us. For the world was For GIVEN by God before He manifested man to manage it. So God gave you the right to manage and to remember God is to rightfully manage what God has given. To remember God is to be sinless for if you remember God your sins have been completely For GOTTEN so this error is called “remembering forgetting”.

The Application to cure “remembering forgetting” is to not remember your sinful state and not to even remember For GETTING your sins because if you remember For GETTING your sins they are not For GOTTEN and if you are remembering God your sins are forgotten. Remembering God is Liberty and that Liberty is Salvation.
